
Grouping Fish

Examine the features of each fish that you noted on worksheet S-2b. In your group discuss how these fish can be grouped according to similarities. This will give you an idea what scientists go through when they classify animals. Sort the ten fish into 3-4 groups.

Group 1	Group 2	Group 3	Group 4
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Below explain your reasoning for sorting the fish the way you did.
