

All About Lakes, Rivers & Fly Fishing Too!

Invertebrate Jobs

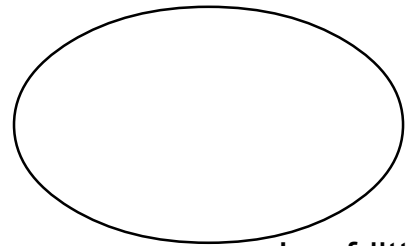

A) In the oval area draw an appropriate picture. For each invertebrate, write the name of the example you have drawn. Draw a line between ovals where one oval affects the other (example, the sun causes algae to grow in the water).

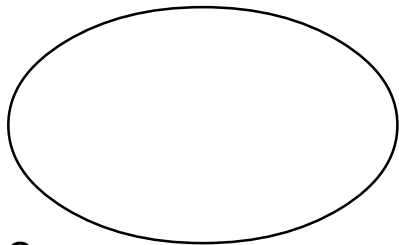

Algae

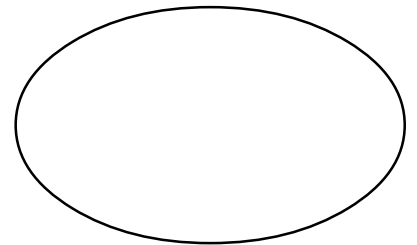

Sun

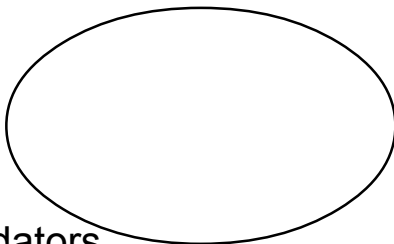

Leaf litter

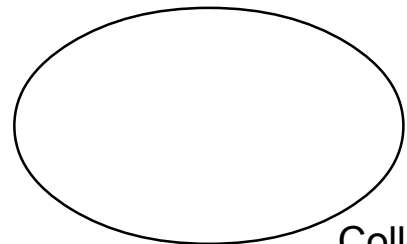

Scrapers

Shredders

Predators

Collectors

B) On the back of this sheet, write a description of each of the following:

- 1) Shredders
- 2) Collectors
- 3) Predators
- 4) Scrapers
